Pursuant the Somerville Planning Board's Rules of Procedure & Policy, any modification to the ground story façade of a building, as defined by the Somerville Zoning Ordinance, requires only Minor Site Plan Approval, with the Director of Planning, Preservation, & Zoning serving as the decision-making authority in-lieu of the Planning Board.

This decision summarizes the findings made by the Director of Planning, Preservation, & Zoning regarding the development review application submitted for 33 South Street.

SUMMARY OF PROPOSAL

Boynton Yards LandCo, LLC proposes modifications to the ground story façade of an existing dimensionally non-conforming commercial building at 33 South Street. The ground story façade modifications include installing two (2) new exterior entry/egress doors to the existing facades, one (1) on South Street and one (1) on Harding Street.

RECORD OF PROCEEDINGS

On March 21, 2022 the Director of Planning, Preservation, & Zoning reviewed the submitted application materials. One existing rollup door on Harding Street façade will be replaced as regular maintenance. The addition of the new doors does not create any new or extend any existing non-conformities in accordance with section 14.1.5.c.ii of the Somerville Zoning Ordinance.

FINDINGS

In accordance with the Somerville Zoning Ordinance and the Zoning Board of Appeals' / Planning Board's Rules of Procedure and Policies for minor site plan approvals, the Director of Planning, Preservation, & Zoning may approve or deny a site plan approval upon making findings considering, at least, each of the following:

1. *The comprehensive plan and existing policy plans and standards established by the City.*

The Director finds that the goals laid out in SomerVision 2040, the City's Comprehensive Master Plan are not applicable to the scope of this project.

2. *The intent of the zoning district where the property is located.*

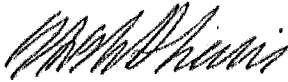

The Director finds that the proposed ground story façade modification is consistent with the intent of the MR5 district which is, in part, "[t]o create, maintain, and enhance areas appropriate for moderate scale, multi-use and mixed-use buildings and neighborhood- and community-serving uses."

3. *Mitigation proposed to alleviate any impacts attributable to the proposed development.*

The Director finds that the proposed commercial signage does not cause any impacts deserving of mitigation.

DECISION

Following review of the submitted application materials and the statutorily required considerations, the Director of Planning, Preservation, & Zoning **APPROVED** the Site Plan Approval on behalf of the Planning Board.
